allFAC is a powerful solution enabling users to optimize business processing, increase productivity, and satisfy compliance and risk management requirements. allFAC also empowers users to provide superior customer service and drive growth through the use of advanced workflow and business automation tools.

Equipped with extensive electronic data interchange (EDI) capabilities, allFAC offers a wide range of automated business-processing functionality. Operable on any platform, allFAC enables users to fully leverage their existing technology investment.

With no hardware to install, the ASP (hosted) version of allFAC requires nothing more than a web browser and broadband Internet connection at the user site. With nothing to migrate, customer access and custom branding is quick and simple. Moreover, with basic training, the customer is up and running with the system in a matter of days.

"Partnership Finance is dedicated to delivering high-quality, flexible, and personal service founded on a readiness to communicate openly with business owners and managers at all times. To meet these important goals, we have invested heavily in our employees, providing them with the right tools to get the job done quickly and with a minimum of fuss - while always remembering that our top priority is our client," said Jim Beck, Managing Director of Partnership Finance. "allFAC is one of our prime tools in helping us grow our business by enabling us to offer a more personal level of service to our customers."

"Surecomp is proud to be associated with Partnership Finance and Jim Beck, who is recognized internationally as a leading industry expert," said Surecomp President Eyal Hareuveny. "Jim's endorsement is further proof that allFAC is indeed the receivables management product of choice for factoring organizations of all sizes that seek a comprehensive solution - whether installed at their own location or offered as a hosted service."
