

Surecomp Wins Gold Medal for Best Technology Vendor in the Trade & Forfaiting Review Excellence Awards 2013

Published on Jun 18, 2013 

Surecomp announced that London-based Trade&Forfaiting Review (TFR) magazine has awarded Surecomp the Gold Medal in the Best Technology Vendor category. This marks the fifth time in the last seven years that Surecomp has been received a prestigious award from Trade & Forfaiting Review.

Voting by TFR readers accounted for 75% of the weighted final results, with each vote examined closely for eligibility. This year's competition was the first time that the detail and quality of testimonial comments in the open sections of the questionnaire were actually given weight. Such testimonials highlighted the positive effects and outcomes delivered by the nominated organizations.

Voting by Trade & Forfaiting Review editor (Clarissa Dann), accounted for the remaining 25% of the weighted final results. When casting votes, Trade & Forfaiting Review took into consideration feedback from the marketplace, observations of deal flow and general activity, and reports on nominations gathered over the last 12 months.

For the full listing of results, see <http://www.tfreview.com/awards/trade-commodity-finance/tfr-excellence-awards-2013-winners-revealed>.

“As a leading provider of trade finance technologies, products and services, Surecomp once again has shown that it is at the forefront of industry innovation,” remarked Clarissa Dann, Editor of TFR. “A respected vendor that has supplied its best-in-class solutions to banks and corporations for over a quarter of a century, Surecomp is well positioned to remain among the top trade services vendors in the years ahead.”

“Surecomp thanks the readers and staff of TFR for their ongoing confidence and trust,” said Joel Koschitzky, Surecomp Chairman. “This gold medal from TFR proves once again that banks and corporations who partner with Surecomp are achieving a competitive edge.”
