Surecomp gains 2013 SWIFT Certified Application status for IMEX

TECHNOLOGY UPDATE | 23 July 2013

For the 15th consecutive year, Surecomp, a provider of global trade solutions for banks and corporations (and winner of TFR's Best Technology Vendor Excellence Award 2013), has been awarded the SWIFT Certified Application – Trade Finance label.

Adding further value to the globally recognised SWIFT accreditation label, this year the programme has been rebranded as SWIFT Certified Applications. This strengthening of valued accreditation is in line with SWIFT's aim of certifying selected third-party applications to ensure they met the well-defined requirements around SWIFT standards, messaging and connectivity.

"To receive this distinguished accreditation for the fifteenth consecutive year is a remarkable milestone that speaks volumes to the professionalism, dedication

China needs to use its 'mega-trader' position to ensure

and in-depth knowledge of our global team”, commented Jeol Koschitzky, Surecomp chairman. He went on to thank IMEX clients across the world for their continued trust, support and partnership with Surecomp.

SWIFT is the member-owned co-operative through which the financial world conducts its business operations with speed, certainty and confidence. More than 10,000 financial institutions and corporations in 212 countries trust SWIFT every day to exchange millions of standardised financial messages and this involves the secure exchange of proprietary data while ensuring its confidentiality and integrity.
