**Surecomp's DOKA 5 Awarded SWIFTReady Application Label Status**

SHARE

Published on Aug 22, 2011

Surecomp announced that DOKA 5®, a scalable back-office system for documentary trade finance, has been awarded SWIFTReady Application label status for an 11th consecutive year.

SWIFT developed the SWIFTReady label program to verify the compliance of financial applications against SWIFT messaging services, standards and connectivity. The awarding of the SWIFTReady label status to DOKA 5 reconfirms the solution's ability to provide automation in a SWIFT environment. SWIFTReady label status is re-evaluated every year to ensure alignment with market needs.

"This ongoing recognition by SWIFT reaffirms the cutting-edge nature of our DOKA 5 solution," remarked Joel Koschitzky, Surecomp Chairman. "DOKA 5 is an increasingly important part of our comprehensive back-office trade finance solution portfolio, which helps our bank clients streamline transaction lifecycles for reduced costs and increased profitability."\*
