

UniCredit Tiriac Bank joins the Surecomp's IMEX Trade Finance Solution network

TECHNOLOGY UPDATE | 4 November 2013

Live in early October 2013, Bucharest-based UniCredit Tiriac Bank has now deployed Surecomp's IMEX Trade Finance. The bank now joins other European banks within the UniCredit Group that have previously deployed IMEX.

In this implementation, Bank Pekao SA is hosting UniCredit Tiriac Bank's infrastructure in Warsaw as Bank Pekao SA is a long-time user of IMEX and allNETT, Surecomp's Web based trade finance front end.

"By adapting Surecomp's solutions to our specific needs, we were able to reduce project risk and implementation time, enabling us to successfully address our Corporate clients' needs for automated letters of credit, collections and guarantees", said Cristina Bunescu, head of trade finance at UniCredit Tiriac Bank. The bank opted to install its IMEX solution in Warsaw as part of a multi-entity IMEX deployment at Bank Pekao.

"We are appreciative that yet another innovative subsidiary within UniCredit has turned to Surecomp and deployed our state-of-the-art trade finance solutions," said Raphael Barisaac, vice president, Europe, and global head, trade finance & supply chain finance at Surecomp.

In Romania, the Group offers a wide range of specialised products and services through UniCredit Tiriac Bank, UniCredit Leasing Corporation, UniCredit Insurance Broker, Pioneer Asset Management, UniCredit Consumer Financing (UCFin) and UniCredit Business Integrated Solutions (UBIS).
