

COR-TF™

Multi-bank solution for multinational corporations

Designed primarily for multinational corporates with multi-bank operations, our state-of-the-art corporate trade finance solution provides customers with a comprehensive solution to manage their entire trade finance business with maximum efficiency. From project planning and centralized processing to enhanced bank communication, COR-TF™ improves strategic bank relationship management to reduce costs and optimize credit volumes across both centralized and decentralized structures.

Serving a diverse range of industry sectors, COR-TF™ provides corporates with a single consolidated view of their trade finance portfolio including bank and group guarantees, incoming guarantees, import, export and standby letters of credit, import and export collections, open accounts and export financing. It empowers companies to increase efficiency, optimize credit and improve cash flow through streamlined trade finance processing automation.

Setting the new global standard in trade finance digitization.
